SCHEDULE A-1
IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than $50 in this report period. Both cash and in-kind contributions count toward the $50 threshold.
- Report the occupation and employer for individual contributors who contributed more than $50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $775 in any election for municipal office.

SCHEDULE A-1
IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than $50 in this report period. Both cash and in-kind contributions count toward the $50 threshold.
- Report the occupation and employer for individual contributors who contributed more than $50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $800 in any election for municipal office.

SCHEDULE A-1
IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than $50 in this report period. Both cash and in-kind contributions count toward the $50 threshold.
- Report the occupation and employer for individual contributors who contributed more than $50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $800 in any election for municipal office.

IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. - In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $800 in any election for municipal office.

IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $800 in any election for municipal office.

SCHEDULE A-1
IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than $50 in this report period. Both cash and in-kind contributions count toward the $50 threshold.
- Report the occupation and employer for individual contributors who contributed more than $50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $800 in any election for municipal office.

SCHEDULE A-1
IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than $50 in this report period. Both cash and in-kind contributions count toward the $50 threshold.
- Report the occupation and employer for individual contributors who contributed more than $50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of $50 or less may be aggregated and reported as a lump sum. Use "Contributors giving $50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed $800 in any election for municipal office.

Mr. Atkinson;

We have certified the nomination petition signatures that you have submitted and find that you have enough qualified signatures to have your name placed on the municipal ballot for November 7, 2017.

If you have not already done so, you must appoint a treasurer and send the enclosed notification form back to me within ten (10) days of receipt of this letter. All completed campaign finance documents will be posted to the City's web site.

Please be advised that you may place political signs on the right-of-way as of September 26, 2017. As you may know, with the property owner's consent, you may place political signs on private property at any time. You may not put signs on telephone poles, bridge abutments or trees. **All signs must clearly show a disclosure statement** under Title 21-A §1012. You may not place political signs on public property within Two-hundred-fifty (250') feet of the entrance to City Hall during the last forty-five (45) days before the election or on public property within Two-Hundred-Fifty (250') feet of a polling place on Election Day.

Please be mindful of the safety of City employees who have to mow these areas and do not use wire to put your signs in the ground. We would appreciate your using wooden stakes, if possible.

Good luck with your campaign and please do not hesitate to contact me if you have questions.

Yours truly,

Katherine L. Jones

Dear Ms. Morrione;

We have certified the nomination petition signatures that you have submitted and find that you have enough qualified signatures to have your name placed on the municipal ballot for November 7, 2017.

If you have not already done so, you must appoint a treasurer and send the enclosed notification form back to me within ten (10) days of receipt of this letter. All completed campaign finance documents will be posted to the City's web site. Please be advised that you may place political signs on the right-of-way as of September 26, 2017.

As you may know, with the property owner's consent, you may place political signs on private property at any time. You may not put signs on telephone poles, bridge abutments or trees.

All signs must clearly show a **disclosure statement** under Title 21-A §1012. You may not place political signs on public property within Two-hundred-fifty (250') feet of the entrance to City Hall during the last thirty-days (30) days before the election or on public property within Two-Hundred-Fifty (250') feet of a polling place on Election Day.

Please be mindful of the safety of City employees who have to mow these areas and do not use wire to put your signs in the ground. We would appreciate your using wooden stakes, if possible.

Good luck with your campaign and please do not hesitate to contact me if you have questions.

Yours truly,

Katherine L. Jones
