- (b) *2nd class.* 2nd class perpetual care embraces any or all divisions in first class care, as well as the proper care and cleaning of all granite, stone, marble, or bronze structures on the lot at the time care is assumed, as well as any future erections expressly specified, but does not include replacement of any such structures.

(d) *4th class.* 4th class perpetual care includes all divisions in 1st class care and the care of any tombs, vaults or mausoleums, such as the pointing of joints, keeping walls in place, and the structure as a whole in a suitable and sanitary condition.

All lots sold after August 19, 1970, must include 1st class perpetual care, except in cases of Sections OO, MM and LL (a) in Forest City Cemetery and Section SG in Evergreen where such requirement is optional, and perpetual care may be purchased to cover any lots previously sold without care.

The general care of the cemeteries is the responsibility of the city by and through its superintendent of cemeteries and includes reasonable and practical care of the unsold areas of the cemeteries, such as park and lawn areas, roads, shrubs and trees, which have been established by the cemeteries. In no case shall it mean the maintenance, repair or replacement of any memorial, tomb or mausoleum erected or placed upon a lot, nor the performing of any special or unusual work in the cemeteries.

(Code 1968, § 502.4(c))

Sec. 7-49. Additional care may be purchased.

(a) *By agreement.* Lot owners desiring additional care of their lots may arrange for such care with the superintendent of cemeteries who shall give an estimate of the cost of the work desired. This care may be provided for by annual payments made by the lot owner or by the establishment of a trust fund under such agreement as may be determined between the superintendent and the lot owner. The limitations of this type of care may vary according to the capabilities of the individual cemeteries.

(b) *By bequest.* In addition to the foregoing, the superintendent of cemeteries is authorized to accept testamentary bequests for additional lot care including, but not limited to, trust funds, upon his determination that the purpose of the bequest can be financially and lawfully implemented. In the event that it cannot be so implemented, the superintendent shall notify the estate's representative to that effect.

opening is proper, necessary, and duly authorized or when the cemetery is directed to make a disinterment by an order of a court of competent jurisdiction and a certified copy of such order has been filed with the superintendent of cemeteries. In all cases the responsibility of the cemetery shall be limited to opening of the grave only and the actual disinterment must be made by the person authorized to do so.

(Code 1968, § 502.5(g))

Sec. 7-74. Outside containers required.

In order to maintain a high standard of care and to eliminate sunken graves caused by the collapse of wooden boxes, all burials must be made in outside containers constructed of natural stone, or of metal, or of reinforced concrete, or approved synthetics. All such containers must be made and installed so as to meet the specifications established by the superintendent of cemeteries. Outside containers may be procured from any source provided they meet the established specifications. Cement liners may be purchased and installed through the cemeteries, if so desired.

Only one (1) floral display shall be permitted on a grave at any one (1) time, with the exceptions as set forth under section 7-90. Except for recessed containers, all plant and flower holders shall be placed upon the individual marker. In the absence of a marker, permission may be granted for the placement of memorial flowers or plants above ground on the normal location of a marker space.
