SCHEDULE A-1
IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for every contributor who is an individual and who contributed more than \$50 in this report period.
- If you have requested employment information from the contributor and the contributor has not provided it, indicate "information requested" for the occupation and employer.
- For in-kind contributions totaling \$50 or less, please enter "total of contributions \$50 or less" and the total amount on a line on this page. When a contributor has given you more than \$50 in total (sum of all of their contributions), you must list that contributor separately.
- If you received goods and services at a discount, report the amount of the difference between the fair market value and the cost you paid as an in-kind contribution.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$775 in any election for municipal office.

**SCHEDULE A-1
IN-KIND CONTRIBUTIONS**

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for every contributor who is an individual and who contributed more than \$50 in this report period.
- If you have requested employment information from the contributor and the contributor has not provided it, indicate "information requested" for the occupation and employer.
- For in-kind contributions totaling \$50 or less, please enter "total of contributions \$50 or less" and the total amount on a line on this page. When a contributor has given you more than \$50 in total (sum of all of their contributions), you must list that contributor separately.
- If you received goods and services at a discount, report the amount of the difference between the fair market value and the cost you paid as an in-kind contribution.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$775 in any election for municipal office.

**SCHEDULE A-1
IN-KIND CONTRIBUTIONS**

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for every contributor who is an individual and who contributed more than \$50 in this report period.
- If you have requested employment information from the contributor and the contributor has not provided it, indicate "information requested" for the occupation and employer.
- For in-kind contributions totaling \$50 or less, please enter "total of contributions \$50 or less" and the total amount on a line on this page. When a contributor has given you more than \$50 in total (sum of all of their contributions), you must list that contributor separately.
- If you received goods and services at a discount, report the amount of the difference between the fair market value and the cost you paid as an in-kind contribution.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$775 in any election for municipal office.
