Please refer to Appendix A of this Agreement for the outline of the scope, limits of work and cost sharing.
2. MaineDOT shall be the sole administrator of the contract to construct the Project. MaineDOT will pay all Project costs, subject to cost sharing by the Municipality, when applicable, as specified in this Agreement. Neither MaineDOT nor its contractors will be required to pay for inspections and permits from the Municipality.
3. Upon acceptance of plans, specifications and estimates (PS&E), MaineDOT shall solicit competitive bids for the Project. Upon acceptance of the lowest acceptable responsive, responsible bid to construct the Project and fulfillment of all terms set forth herein, MaineDOT will submit the information to the Municipality, who will have up to five (5) business days to review the information and notify MaineDOT of any questions or concerns. If MaineDOT is not presented with any questions or concerns in the time allotted all decisions pertaining to the acceptance of the bids, the award and administration of the contract and all payments thereunder shall be the sole discretion of MaineDOT.

F. Changes to Project Scope:

4. The Municipality, at its election, may request that changes be made or work added to the Project during the period of construction, provided the Municipality agrees in writing to pay any additional cost plus an amount not to exceed ten (10%) percent of such construction cost to cover all necessary engineering, inspection and administrative costs associated therewith, unless specified otherwise. All such requests shall be subject to MaineDOT approval. H. Utilities

6. The Municipality will, at no cost to MaineDOT, assure proper adjustment, relocation, or repair of any portion of a utility service, whether above or below ground, that is located within the limits of the highway right-of-way and connected to any municipal utility, which might become necessary to permit construction of the Project. The Municipality agrees to hold MaineDOT harmless from any claims for damages occurring as a result thereof.
7. The Municipality agrees that during and after construction it will apply the requirements of the most recent version of MaineDOT's "Utility Accommodation Rules" as the minimum guidelines not withstanding any municipal rules that are more lenient.
8. To the extent that it is statutorily responsible therefore, the Municipality agrees to provide utilities, and to maintain all improvements and fixtures constructed, installed or furnished as a part of the Project in such a manner as necessary to preserve the use and function thereof for the expected period of their normal useful life as determined by accepted engineering and/or industry standards.
