I. GENERAL INFORMATION

A. Availability of Funding

The City of Portland has made the development of affordable housing a priority, as identified in the City of Portland's 2016-2020 HUD 5-year Consolidated Plan, City Council Common Goals and the Comprehensive Plan. To accomplish this priority, the City of Portland will accept applications for the development of affordable housing in the City of Portland.

Certified Community Housing Development Organizations (CHDO's) or organizations eligible for CHDO certification are strongly encouraged to apply. The HUD definition of a CHDO organization is attached as Exhibit #1 entitled Definition of a Community Housing Development Organization (CHDO).

The City of Portland's Division of Housing and Community Development uses an application process to ensure that public funds are utilized for maximum public benefit to accomplish specific objectives and provide fair access to all applicants. Applications will be accepted until all budgeted funds are allocated. The City of Portland reserves the right to partially fund application requests or deny any application that does not meet the application criteria.

The City of Portland is making a combination of FY 2019-2020 HUD Home Investment Partnership Program (HOME) funds (which includes a mandatory set-aside for CHDO organizations or organizations eligible for CHDO certification) and local Housing Trust Funds (HTF). The Housing and Community Development Division is utilizing a single application process for these funds. City staff will determine which funding source is best for each project and then make funding recommendations to the City Council for final approval.

Total Funding Available: \$1,269,085.

B. General Guidelines

Developments shall provide units to households earning up to 100% of area median. . Projects with mixed income targeting and a mix of bedroom size are encouraged. The minimum term of affordability depends on the funding source, but is not generally less than 30 years, and in some cases much be 90 years. The affordability term is to be secured by a declaration of covenants and restrictions recorded in the Cumberland County Registry of Deeds.

This application outlines the selection criteria which all projects applying for these funds must meet, as well as scoring factors which will be used by the City of Portland to evaluate the applications.

C. Federal Requirements

These requirements will apply for any project that is awarded HOME or other federal funding.

Environmental Review Requirements

Projects receiving HOME funding are subject to environmental review, clearance and release of funds by the U.S. Department of Housing and Urban Development. Once an application has been submitted, the

applicant cannot take any “choice limiting actions” prior to receiving notification from the City that the environmental review process, including historic preservation review and clearance, has been completed and a release of funds has been received. A Phase I ESA along with a lead and asbestos testing report is required before HUD Environmental Review Requirements can be completed.

Federal Labor Standards

As may be applicable, projects receiving HOME funding must ensure that they and all contractors and subcontractors meet requirements for federal prevailing wage rates specified under the Davis-Bacon Act. The Act requires all laborers and mechanics employed by contractors or subcontractors in the performance of construction work over \$2,000, financed in whole or in part with assistance received under HUD programs, shall be paid the prevailing wage as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-5). Projects that include 12 or more HOME-assisted units must meet the requirements of the Davis-Bacon Act.

Section 3

All HOME projects must comply with Section 3 of the Housing and Urban Development Act of 1968. Contractors and subcontractors performing work on Section 3-covered projects must provide, to the greatest extent feasible, opportunities for the employment of low- and very low-income residents of the local community and the businesses that substantially employ these persons.

Minority and Women Owned Business (MWBE) Participation

All HOME projects must complete, track and report on outreach and contracts given to women- and minority-owned businesses to ensure their inclusion, to the maximum extent possible, in the procurement of property and services. Applicants are encouraged to utilize firms certified as a Minority Business Enterprise or Woman’s Business Enterprise as part of the development team. The development team members include the developer, architect, attorney, general contractor and management agent.

Lead-Based Paint

All HOME funded residential rehabilitation, adaptive re-use and construction activities must comply with 24 CFR Part 35 and Section 401(b) of the Lead-Based Paint Poisoning Prevention Act.

Access to the Internet

All new construction and substantial rehabilitation projects of multifamily rental housing will be required to provide the installation of broadband internet access to its residents to help narrow the digital divide for households in need.

Fair Housing and Equal Opportunity

[Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.) (HUD implementation regulations 24 CFR Part 1); The Fair Housing Act (42 U.S.C. 3601-3620)(24 CFR Part 100-115(; Equal Opportunity in Housing (Executive Order 11063, as amended by Executive Order 12259)(24 CFR Part 107); Age Discrimination Act of 1975, as amended (42 U.S.C. 6101)(24 CFR Part 146).]

The Fair Housing Act prohibits discrimination in all housing-related transactions based on race, color, national origin, religion, sex, disability, age or familial status. It also includes minimum accessibility design requirements for all new construction and rehabilitation projects and requires that reasonable accommodations be made in rules, policies, practices, services and reasonable structural modifications.

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination based on disability and requires that everyone have equal opportunity to obtain housing built with federal funds.

Affirmative Marketing

Developers must have tenant selection policies and criteria to ensure that tenants are selected for occupancy at the property in a fair and equitable manner. Tenant selection policies must be based on objective criteria that expressly prohibit bias. Tenant selection procedures should be clear and easily understood by prospective tenants. An affirmative marketing plan is required to ensure that the property serves a diverse cross-section of the population of the market area, must consist of actions to provide information and otherwise attract eligible persons in the housing market area that might not otherwise apply without special outreach, and ensure that the housing is available to qualified applicants without regard to race, color, national origin, religion, sex, disability, or familial status.

Violence Against Women Act

Developers must comply with the Violence Against Women Act (VAWA) requirements in 24 CFR §92.359 and 24 CFR Part 5, subpart L. VAWA provides protections and options for victims of domestic violence, dating violence, sexual assault and stalking.

D. Goals for the Distribution of Funds

The goal for the distribution of these funds is to increase, preserve, and modify the overall supply of housing city-wide to meet the needs, preferences and financial capabilities of all Portland residents. Development should be consistent with the City of Portland's Comprehensive Plan and the HUD Five-Year Consolidated Plan. The City of Portland seeks development projects that create contextually appropriate housing density in and proximate to neighborhood centers, concentrations of services, and transit nodes and corridors as a means of supporting complete neighborhoods. Projects should not require a contract or conditional zone (although other rezoning consistent with the City's Comprehensive Plan may be considered). Resolution of any zoning issues is required before City Council approval of the applicants funding request. Developments should incorporate quality, sustainable design.

II. SCOPE OF SERVICES

A. General Specifications

All applications submitted for this funding must meet the following selection criteria to be considered further in the review process.

Eligible Projects

- 1) Projects must create rental housing units which promote economic diversity in the neighborhood in which the development is located. New construction, conversion of non-residential property to housing and rehabilitation of existing rental units that creates accessible

or maintains affordable units is eligible. Projects that have previously received HOME funds are not eligible for additional HOME assistance.

- 2) All projects must provide rental units to households earning up to 100% of area median income and meet the income and rent restrictions of the HOME and/or Housing Trust Fund Programs.
- 3) Projects must ensure that the affordable units within a mixed income development will be equal in square footage and comparable to the market rate units.
- 4) *Housing First* developments are encouraged.
- 5) Single Room Occupancy (SRO) and other supportive housing projects specifically for special needs populations are eligible under this application.
- 6) Projects receiving funding through this application must include a written occupancy policy that prohibits smoking in the units and the interior common areas of the project in addition to including a non-smoking clause in the lease for every household and making educational materials on tobacco treatment programs available to residents through the residence service coordinator, occupancy specialist, or property manager, such as the phone number for the statewide Maine Tobacco HelpLine.
- 7) Projects receiving funding through this application must set aside 10% of the units in the project for individuals or families residing in a Portland shelter. The City's Health and Human Services Department would be responsible for providing referrals, providing or coordinating supportive services and financial resources to assist with monthly rent payments. A Supportive Housing Agreement between the City and the Developer would document the services and expectations. At the time of loan closing or prior to disbursement of the City's funding, the requirements would be secured by a Declaration of Covenants which will be recorded in the Cumberland County Registry of Deeds.

B. Site Information and Criteria

- 1) Site Control: Land or buildings proposed as part of a project under this application must have site control at the time the application is submitted in the form of title, purchase and sale agreement, option, long-term lease for a minimum of 90 years, or other acceptable method. At a minimum, site control must extend through December 31, 2019.
- 2) Local Approvals: Local land use approval is not required prior to submittal of the application, however approval is required before the City Council will approve the funding request. The applicant must submit an analysis of the project in relation to local land use regulations and site feasibility.
- 3) Applications must not require a contract or conditional zone. Resolution of any zoning issues is required before City Council approval of the applicants funding request.

C. Financial Feasibility

- 1) Financial applications must be developed in accordance with the underwriting guidelines of the primary funding source, including adequate cash flow and debt coverage ratio, and conform to the City of Portland's underwriting criteria.
- 2) Use of Funds: All projects will be reviewed for the proposed use of funds compared to other resources. Applicants must describe the proposed mortgage and security position for the City of Portland's funding. The average City investment per unit, excluding TIF financing, is \$10,000. The City contribution per unit will not exceed \$18,000. This amount may be adjusted at the discretion of the City Council, only for unusual circumstances where a larger amount is the only way a project that meets other City goals is needed. In those cases, the higher cost per unit ratio must be tied into the goals outlined in the City's Comprehensive Plan.

D. Market Demand

Applicants must provide an analysis and discussion of market demand justifying the need for the proposed project.

E. Applicant Capacity

All applicants must demonstrate capacity to develop, own and manage the proposed project. All applications must provide evidence of a development team with the capacity to successfully complete the project including:

- 1) Key staff members assigned to the project with the abilities and experience to successfully complete the project within the proposed timeframe.
- 2) An architect, general contractor and professionals on the team with the experience and capacity to complete the project.
- 3) A management team with qualified personnel and the capacity and experience to operate, manage and maintain the affordable rental property of size and mix of the proposed project.
- 4) Qualified staff with the capacity to perform ongoing property ownership requirements such as budgeting, tax accounting and oversight of management and maintenance.
- 5) A portfolio of current affordable housing projects that are financially sound and meeting their established goals.
- 6) Support Services: Applications containing rental units targeted to special needs populations must include commitments for support services to be provided to the residents and have in place a policy to make accessible units available when needed if units are occupied by someone that does not need the accessible features.

F. Term of Affordability

All projects must have a minimum affordability period of 90 years, secured by a land use restriction covenant in the deed.

Projects receiving HOME funding will be charged an annual fee to cover the actual costs of federally required HOME monitoring, per 24 CFR 92.214(b)(1)(i).

G. Financing Terms

The following are general guidelines and the City reserves the right to adjust the terms of funding on a case-by-case basis based on changes in conventional lending and other financing sources.

The City's funding is generally in the form of soft "gap" financing. To allow for future investment in affordable and workforce housing, the City seeks to achieve a reasonable return of capital and where possible a return on investment based on the financing features of each funding request. The City allows flexibility for creativity by development teams by establishing funding terms based on the financial structure of each development project.

Funding in the form of loans may range from 30 years non-amortizing, deferred at 0% interest, to 30 year, amortizing loans based on a financial analysis of the development project. A key tool used to perform the financial analysis is the Debt Coverage Ratio (DCR). Projects with a DCR greater than or equal to 1.25 will be considered for a fully amortizing loan with a corresponding rate that either achieves a DCR of 1.15. Other DCR features are as such:

- Projects that have a DCR of less than 1.25 will be considered for interest only loans. The interest rate will be set at a percentage rate that will achieve a DCR of 1.15.
- Projects that are submitted at a DCR of 1.15 will be considered for a deferred cash flow loan.
- Grants may be considered when a project serves a substantially underserved population.
- A project with a sustained DCR greater than 1.5, after the application of a fully amortizing loan will be considered over subsidized. The funding request will be reduced to achieve a sustained DCR of no more than 1.4. This may result in the funding request being reduced to zero. Projects of this nature are candidates for private financing.

H. Design Compatibility

Projects must be designed to contribute to the character of their neighborhood and adhere to the following general guidelines.

Project designs:

- 1) **MUST** comply with the City's Green Building Ordinance (Chapter 6, Article VII, Sec. 6-165) (<http://www.portlandmaine.gov/DocumentCenter/Home/View/1070>). **Please note** that the Green Building Ordinance may be more restrictive than the requirements in Maine Housing's Quality Standards and Procedure Manual.

- 2) Should establish a building form, scale, massing and rhythm appropriate for the surrounding neighborhood.
- 3) Should provide a quality design that, where possible, reinforces the public realm of open space, sidewalks and streets through appropriately scaled entries that orient to the street instead of interior blocks or parking lots, and incorporate porches, fenestration, landscaping, and architectural details.
- 4) **MUST** meet the accessibility requirements of the Fair Housing Act and Section 504 of the Rehabilitation Act of 1973, and the Maine Human Rights Act for multi-family housing. Provide for universal accessibility to the extent possible.
- 5) Should provide visual and acoustical privacy between units while maximizing natural light and ventilation within units.

I. Timeframe

The applicant must describe projected dates by which commitments will be obtained; the closing will take place, construction start-up, substantial completion, final completion and occupancy. Timeframes must be realistic and achievable. All funded projects must be able to start construction within 12 months of notice of award.

 - ii. The for-profit entity may not have the right to appoint more than one-third of the membership of the organization's governing body. Board members appointed by the for profit entity may not appoint the remaining two-thirds of the board members; and

5. Is not a governmental entity (including the participating jurisdiction, other jurisdiction, Indian tribe, public housing authority, Indian housing authority, housing finance agency, or redevelopment authority) and is not controlled by a governmental entity. An organization that is created by a governmental entity may qualify as a community housing development organization; however, the governmental entity may not have the right to appoint more than one-third of the membership of the organization's governing body and no more than one-third of the board members may be public officials or employees of governmental entity. Board members appointed by a governmental entity may not appoint the remaining two thirds of the board members. An organization that will own housing must demonstrate capacity to act as owner of a project and meet the requirements of §92.300(a)(2). A nonprofit organization does not meet the test of demonstrated capacity based on any person who is a volunteer or whose services are donated by another organization; and
