RE: Maine Pollutant Discharge Elimination System (MEPDES) Permit ME0101435
    Maine Waste Discharge License (WDL) Application W008010-5T-E-M
    Minor Revision

Dear Mr. Roland:

Enclosed please find a copy of your final MEPDES permit and Maine WDL minor revision which was approved by the Department of Environmental Protection. Please read the permit/license and its attached conditions carefully. You must follow the conditions in the order to satisfy the requirements of law. Any discharge not receiving adequate treatment is in violation of State Law and is subject to enforcement action.

Any interested person aggrieved by a Department determination made pursuant to applicable regulations, may appeal the decision following the procedures described in the attached DEP FACT SHEET entitled “Appealing a Commissioner’s Licensing Decision.”

If you have any questions regarding the matter, please feel free to call me at 287-7693.

Sincerely,

[Signature]

Gregg Wood

DEPARTMENT ORDER

IN THE MATTER OF

CITY OF PORTLAND ) MAINE POLLUTANT DISCHARGE
PORTLAND, CUMBERLAND COUNTY, ME ) ELIMINATION SYSTEM PERMIT
COMBINED SEWER OVERFLOWS ) AND
ME0101435 ) WASTE DISCHARGE LICENSE
W008010-5T-E-M APPROVAL ) MINOR REVISION

Pursuant to the provisions of the Federal Water Pollution Control Act, Title 33 USC, Section 1251, et. seq., and Maine Law 38 M.R.S.A., Section 414-A et. seq., and all applicable regulations, the Department of Environmental Protection (Department hereinafter) has considered a request by the CITY OF PORTLAND (City hereinafter), with its supportive data, agency review comments, and other related materials on file and FINDS THE FOLLOWING FACTS:

APPLICATION SUMMARY

The City has requested the Department modify Maine Pollutant Discharge Elimination System (MEPDES) permit #ME0101435/WDL #W008010-5T-D-R, issued by the Department on October 24, 2008, to incorporate Special Conditions regarding compliance with the 2010 Clean Water State Revolving Fund (CWSRF) Requirements (Asset Management Principal Forgiveness).

Compliance in the City’s case is based on;

1) The establishment of and implementation of an Asset Management Program.

2) The establishment of a repair and replacement reserve account equivalent to 2% of its total yearly wastewater operation and maintenance budget each year for five years.

3) Conduct a comprehensive process energy audit for its wastewater facilities and infrastructure.

PERMIT SUMMARY

This minor revision establishes Special Conditions to establish and implement an Asset Management Program, establish a repair and replacement reserve account and conduct a process energy audit.
CONCLUSIONS

Subject to the Conditions listed below, the Department makes the following CONCLUSIONS.

1. The discharge, either by itself or in combination with other discharges, will not lower the quality of any classified body of water below such classification.

2. The discharge, either by itself or in combination with other discharges, will not lower the quality of any unclassified body of water below the classification which the Department expects to adopt in accordance with state law.

3. The provisions of the State’s antidegradation policy, 38 M.R.S.A., Section 464(4)(F), will be met, in that:

   (a) Existing in-stream water uses and the level of water quality necessary to protect and maintain those existing uses will be maintained and protected;

   (b) Where high quality waters of the State constitute an outstanding national resource, that water quality will be maintained and protected;

   (c) The standards of classification of the receiving water body are met or, where the standards of classification of the receiving water body are not met, the discharge will not cause or contribute to the failure of the water body to meet the standards of classification;

   (d) Where the actual quality of any classified receiving water body exceeds the minimum standards of the next highest classification, that higher water quality will be maintained and protected; and

   (e) Where a discharge will result in lowering the existing quality of any water body, the Department has made the finding, following opportunity for public participation, that this action is necessary to achieve important economic or social benefits to the State.

4. The discharge will be subject to effluent limitations that require application of best practicable treatment.
THEREFORE, the Department APPROVES the request by the CITY OF PORTLAND, to incorporate Special Conditions regarding compliance with the 2010 Clean Water State Revolving Fund (CWSRF) Requirements (Asset Management Principal Forgiveness). The discharges shall be subject to the attached conditions and all applicable standards and regulations including:

1. “Maine Pollutant Discharge Elimination System Permit Standard Conditions Applicable To All Permits,” revised July 1, 2002, copy attached to MEPDES permit #ME0101435/WDL #W008010-5T-D-R, issued by the Department on October 24, 2008.

2. The attached Special Conditions, including any effluent limitations and monitoring requirements.

3. All terms and conditions of MEPDES permit #ME0101435/WDL #W008010-5T-D-R, issued by the Department on October 24, 2008, not modified by this permitting action remain in effect and enforceable.

4. This minor revision becomes effective upon signature and expires on October 24, 2013, concurrent with #ME0101435/WDL #W008010-5T-D-R, issued by the Department on October 24, 2008.

PLEASE NOTE ATTACHED SHEET FOR GUIDANCE ON APPEAL PROCEDURES

This permit is digitally signed by Teco Brown on behalf of Acting Commissioner James P. Brooks. It is digitally signed pursuant to 10 M.R.S.A. § 9418. It has been filed with the Board of Environmental Protection as of the signature date.

SPECIAL CONDITION

E. ASSET MANAGEMENT PROGRAM (AMP)

The permittee shall prepare an AMP in accordance with Department guidance entitled, *Maine Department of Environmental Protection, Clean Water State Revolving Fund (CWSRF) Guidance for Minimum Requirements for an Asset Management Program and Reserve Account In Order to Qualify for CWSRF Principal Forgiveness*, DEPLW1190-2010. The AMP shall be reviewed and updated as necessary at least annually. The AMP shall be kept on-site at the permittee’s office and made available to Department staff for review during normal business hours.

On or before May 2, 2012, *(PCS Code 59499)* the permittee shall submit a certification to the Department indicating a CWSRF AMP has been implemented in accordance with the Department guidance document DEPLW1190-2010. See Attachment A of this minor revision for a copy of the certification form.

F. REPAIR AND REPLACEMENT RESERVE ACCOUNT

Beginning May 2, 2012, and every year thereafter totaling five consecutive years, the permittee shall fund a Repair and Replacement Reserve Account in the amount recommended in the permittee’s Asset Management Plan or at a minimum of 2% of the permittee’s total yearly waste water operation and maintenance budget.

On or before May 2, 2012, and every year thereafter for five years *(PCS Code 59499)* the permittee shall submit a certification to the Department indicating a Repair and Replacement Reserve Account has been fully funded as required above. See Attachment B of this minor revision for a copy of the certification form. The permittee shall attach copies of yearly audit reports to the annual certification forms showing funds in the reserve account for each year for the five years and, if funds were expended, what the funds were used for.

G. WASTE WATER FACILITY ENERGY AUDIT

The permittee shall conduct a comprehensive process energy audit for the waste water facilities and infrastructure. The audit shall contain the minimum scope of work as presented in a document entitled, *Maine Department of Environmental Protection, Model Energy Audit Request For Proposals*, DEPLW1189-2010.

On or before May 2, 2012, *(PCS Code 43699)* the permittee shall submit a final report to the Department that contains the findings of the energy audit.

CERTIFICATION

I ___________________________ representing the ____________________________________
(print name of cognizant official)   (print name of permittee)

hereby certify to the Maine Department of Environmental Protection that as of ______________
(date)
a Clean Water State Revolving Fund (CWSRF) Repair and Replacement Reserve Account has
been established and is fully funded in accordance with Department Guidance entitled, Maine
Department of Environmental Protection, Clean Water State Revolving Fund (CWSRF)
Guidance for Minimum Requirements for an Asset Management Program and Reserve Account
In Order to Qualify for CWSRF Principal Forgiveness, DEPLW1190-2010; and

That our total yearly wastewater operation and maintenance budget for the previous year was
$_____________; and

That the amount recommended in our asset management plan, or as a minimum, 2% of our total
yearly wastewater operation and maintenance budget was $_____________; and

That $_______________ was deposited to the Repair and Replacement Reserve Account last
year; and

That $_______________ was expended from this account last year in accordance with the
Department Guidance; and

That the current balance of the Repair and Replacement Reserve Account is $_______________.

DEP INFORMATION SHEET
Appealing a Commissioner’s Licensing Decision

Dated: May 2004 Contact: (207) 287-2811

SUMMARY
There are two methods available to an aggrieved person seeking to appeal a licensing decision made by the Department of Environmental Protection’s (DEP) Commissioner: (1) in an administrative process before the Board of Environmental Protection (Board); or (2) in a judicial process before Maine’s Superior Court. This INFORMATION SHEET, in conjunction with consulting statutory and regulatory provisions referred to herein, can help aggrieved persons with understanding their rights and obligations in filing an administrative or judicial appeal.

I. ADMINISTRATIVE APPEALS TO THE BOARD

LEGAL REFERENCES

HOW LONG YOU HAVE TO SUBMIT AN APPEAL TO THE BOARD
The Board must receive a written notice of appeal within 30 calendar days of the date on which the Commissioner’s decision was filed with the Board. Appeals filed after 30 calendar days will be rejected.

HOW TO SUBMIT AN APPEAL TO THE BOARD
Signed original appeal documents must be sent to: Chair, Board of Environmental Protection, c/o Department of Environmental Protection, 17 State House Station, Augusta, ME 04333-0017; faxes are acceptable for purposes of meeting the deadline when followed by receipt of mailed original documents within five (5) working days. Receipt on a particular day must be by 5:00 PM at DEP’s offices in Augusta; materials received after 5:00 PM are not considered received until the following day. The person appealing a licensing decision must also send the DEP’s Commissioner and the applicant a copy of the documents. All the information listed in the next section must be submitted at the time the appeal is filed. Only the extraordinary circumstances described at the end of that section will justify evidence not in the DEP’s record at the time of decision being added to the record for consideration by the Board as part of an appeal.

WHAT YOUR APPEAL PAPERWORK MUST CONTAIN
The materials constituting an appeal must contain the following information at the time submitted:

1. Aggrieved Status. Standing to maintain an appeal requires the appellant to show they are particularly injured by the Commissioner’s decision.

2. The findings, conclusions or conditions objected to or believed to be in error. Specific references and facts regarding the appellant’s issues with the decision must be provided in the notice of appeal.

3. The basis of the objections or challenge. If possible, specific regulations, statutes or other facts should be referenced. This may include citing omissions of relevant requirements, and errors believed to have been made in interpretations, conclusions, and relevant requirements.

4. The remedy sought. This can range from reversal of the Commissioner's decision on the license or permit to changes in specific permit conditions.
5. **All the matters to be contested.** The Board will limit its consideration to those arguments specifically raised in the written notice of appeal.

6. **Request for hearing.** The Board will hear presentations on appeals at its regularly scheduled meetings, unless a public hearing is requested and granted. A request for public hearing on an appeal must be filed as part of the notice of appeal.

7. **New or additional evidence to be offered.** The Board may allow new or additional evidence as part of an appeal only when the person seeking to add information to the record can show due diligence in bringing the evidence to the DEP’s attention at the earliest possible time in the licensing process or show that the evidence itself is newly discovered and could not have been presented earlier in the process. Specific requirements for additional evidence are found in Chapter 2, Section 24(B)(5).

**OTHER CONSIDERATIONS IN APPEALING A DECISION TO THE BOARD**

1. **Be familiar with all relevant material in the DEP record.** A license file is public information made easily accessible by DEP. Upon request, the DEP will make the material available during normal working hours, provide space to review the file, and provide opportunity for photocopying materials. There is a charge for copies or copying services.

2. **Be familiar with the regulations and laws under which the application was processed, and the procedural rules governing your appeal.** DEP staff will provide this information on request and answer questions regarding applicable requirements.

3. **The filing of an appeal does not operate as a stay to any decision.** An applicant proceeding with a project pending the outcome of an appeal runs the risk of the decision being reversed or modified as a result of the appeal.

**WHAT TO EXPECT ONCE YOU FILE A TIMELY APPEAL WITH THE BOARD**

The Board will formally acknowledge initiation of the appeals procedure, including the name of the DEP project manager assigned to the specific appeal, within 15 days of receiving a timely filing. The notice of appeal, all materials accepted by the Board Chair as additional evidence, and any materials submitted in response to the appeal will be sent to Board members along with a briefing and recommendation from DEP staff. Parties filing appeals and interested persons are notified in advance of the final date set for Board consideration of an appeal or request for public hearing. With or without holding a public hearing, the Board may affirm, amend, or reverse a Commissioner decision. The Board will notify parties to an appeal and interested persons of its decision.

**II. APPEALS TO MAINE SUPERIOR COURT**

Maine law allows aggrieved persons to appeal final Commissioner licensing decisions to Maine’s Superior Court, see 38 M.R.S.A. § 346(1); 06-096 CMR 2.26; 5 M.R.S.A. § 11001; & MRCivP 80C. Parties to the licensing decision must file a petition for review within 30 days after receipt of notice of the Commissioner’s written decision. A petition for review by any other person aggrieved must be filed within 40-days from the date the written decision is rendered. The laws cited in this paragraph and other legal procedures govern the contents and processing of a Superior Court appeal.

**ADDITIONAL INFORMATION**

If you have questions or need additional information on the appeal process, contact the DEP’s Director of Procedures and Enforcement at (207) 287-2811.

**Note:** The DEP provides this INFORMATION SHEET for general guidance only; it is not intended for use as a legal reference. Maine law governs an appellant’s rights.
