These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for individual contributors who contributed more than \$50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of \$50 or less may be aggregated and reported as a lump sum. Use "Contributors giving \$50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$850 in any election for municipal office.

SCHEDULE A-1 IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for individual contributors who contributed more than \$50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of \$50 or less may be aggregated and reported as a lump sum. Use "Contributors giving \$50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$850 in any election for municipal office.

SCHEDULE A-1 IN-KIND CONTRIBUTIONS

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for individual contributors who contributed more than \$50 in this report period. If you requested employment information but did not receive it, write "information requested."
- In-kind contributions of \$50 or less may be aggregated and reported as a lump sum. Use "Contributors giving \$50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$850 in any election for municipal office.

**SCHEDULE A-1
IN-KIND CONTRIBUTIONS**

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. Goods that you have retained from an earlier election such as signs are not in-kind contributions to your current campaign.

- Itemize all in-kind contributions from contributors who have given you contributions totaling more than \$50 in this report period. Both cash and in-kind contributions count toward the \$50 threshold.
- Report the occupation and employer for individual contributors who contributed more than \$50 in this report period. If you requested employment information but did not receive it, write "Information requested."
- In-kind contributions of \$50 or less may be aggregated and reported as a lump sum. Use "Contributors giving \$50 or less" as the contributor type.
- If you received goods or services for less than the usual and customary charge, report the amount of the discount as an in-kind contribution.
- A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$850 in any election for municipal office.

CAMPAIGN TERMINATION REPORT

After an election, candidates who have surplus cash of greater than \$100, or outstanding loans or debts of greater than \$100, are required to file a Campaign Termination Report with the City Clerk [21-A MRSA §1017(9)] no later than the following July 15th. If this form is not filed with the 42-Day Post Election Report, then it must be complete as of June 30th and be filed no later than July 15th of the year following the campaign of the previous year. The report must show any deficit or surplus to be carried over to any next campaign.

A campaign surplus exceeding \$100 not carried forward to a next campaign must be disposed of in one of the ways provided by State law [21-A MRSA §1017(8)] (copy attached). Distribution of the entire surplus by one of the prescribed methods **must be completed within 4 years** of the election for which the contributions were received.

Candidates with a deficit who will not participate in the next elections for the same office must continue to file semi-annual reports until the deficit is liquidated. **Candidates who collect funds after an election for any purpose other than to retire campaign debt must register with the City Clerk [21-A MRSA §1013-A].**

* If you forgave a loan or part of a loan during the report period, you need to enter the forgiven amount on line 2.a. and subtract it from the sum of lines 1, 2 & 3. This adjustment is needed so that the forgiven amount is not double-counted as a receipt.

CAMPAIGN TERMINATION REPORT

After an election, candidates who have surplus cash of greater than \$100, or outstanding loans or debts of greater than \$100, are required to file a Campaign Termination Report with the City Clerk [21-A MRSA §1017(9)] no later than the following July 15th. If this form is not filed with the 42-Day Post Election Report, then it must be complete as of June 30th and be filed no later than July 15th of the year following the campaign of the previous year. The report must show any deficit or surplus to be carried over to any next campaign.

A campaign surplus exceeding \$100 not carried forward to a next campaign must be disposed of in one of the ways provided by State law [21-A MRSA §1017(8)] (copy attached). Distribution of the entire surplus by one of the prescribed methods must be completed within 4 years of the election for which the contributions were received.

Candidates with a deficit who will not participate in the next elections for the same office must continue to file semi-annual reports until the deficit is liquidated. Candidates who collect funds after an election for any purpose other than to retire campaign debt must register with the City Clerk [21-A MRSA §1013-A].

IN-KIND CONTRIBUTIONS**

In-kind contributions are goods and services (including use of facilities) that you received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the campaign by the candidate or supporters if the campaign does not expect to reimburse the candidate or supporter. These contributions may come from the candidate, candidate's family, supporters, PACs, party committees, or other entities. - A description of the goods or services received is required.

Total contributions (cash and in-kind) from the same source (except candidate and candidate's spouse/domestic partner) may NOT exceed \$800 in any election for municipal office.
