- 30 Placements/month
- 9,000 Bednights/month
- 108,000 Annual Bednights / 360 Annual Housing Placements

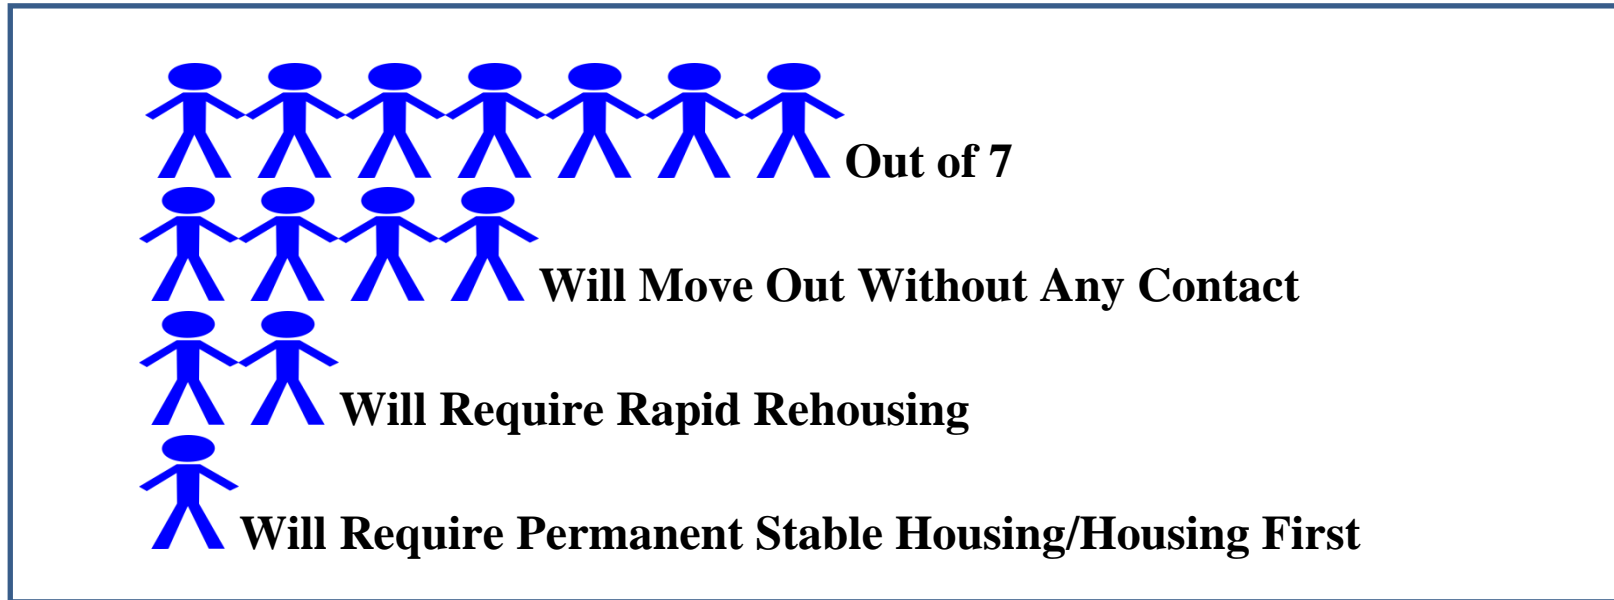

In 2014, the City's partnership with Preble Street will continue to be a key contributor in meeting our goal of getting to 200.

Preble Street programs have been integral in providing services. The VHS (Veteran's Housing Services) partnership has led to a sharp decrease in veteran homelessness, and will continue to lead the charge in that area.

The CLIP (Clinical Intervention Team) program has been key in working with chronically homeless individuals through PHA's set aside program through the Community Support Team (CST). 14 vouchers have been used so far, and we hope to use the remaining 26 as soon as they are available.

LTS STRATEGY:

100,000 HOMES & 2.5% CLUB

100,000 Homes Campaign: The 100,000 Homes campaign is a national movement that challenges communities to house 100,000 chronically homeless people by 2015. This is achieved by engaging not just social service agencies, but the business, philanthropic and faith based communities as well. A community approach.

2.5% Club: Portland is part of the 2.5% club! This means that we are housing 2.5% of our chronically homeless population (HUD numbers) each month. Reaching this benchmark means that our community is on course to ensure that the campaign reaches its goal, and ultimately ends chronic homelessness. Out of 230+ communities, only 51 are achieving this landmark.

2014 REACHING OUR GOALS

What Does Reaching Our Target Goal of 200 Mean?

- **NO GA OVERFLOW**
- **NO WARMING CENTER ON MOST NIGHTS**
- **REDUCTION OF 131.25 STAFF HOURS / WEEK**
- **25% REDUCTION IN OVERTIME COSTS**

What Does Reaching Our Target Goal of 186 Mean?

- **NO GA OVERFLOW**
- **NO WARMING CENTER – TRANSITION BACK TO ALL BEDS /NO CHAIRS**
- **REDUCTION OF 3.5 FTE PER DIEM POSITIONS NIGHTLY**
- **40-50% REDUCTION IN OVERTIME COSTS**
